

Angel's Touch Healing, LLC

Reiki and Energy Healing through the hands of an experienced Physical Therapist

SERVICES + PRICING

All Reiki Sessions:

Each session with Pam begins with a discussion about the participant's health and wellbeing, including any pain, illness, or life events that may be affecting physical, emotional, and spiritual health. During a Reiki session, the participant rests comfortably and fully clothed on a massage table while Pam begins to evaluate the flow of the body's energy system. Next, Pam proceeds to lightly touch the participant's body in a series of hand positions as she discerns, identifies, and works to clear energy blockages. Following the session, participants describe feeling a sense of warmth, peace, radiance, and deep relaxation. Reiki sessions are available as 50-minute and 80-minute experiences.

New Client Session: \$75 / \$80*

This 90-minute session is reserved for those visiting Angel's Touch Healing, LLC for their very first session. While the New Client Session is scheduled for a full 90 minutes to allow for a thorough discussion about the participant's health and wellbeing, the active time experiencing Reiki will be approximately 50 minutes.

Returning Client 50-Minute Reiki Session: \$75 / \$80*

A 50-minute returning client session will be scheduled for one hour to include adequate time for intake and discussion of current health.

Returning Client 80-Minute Reiki Session: \$110 / \$115*

An 80-minute returning client session will be scheduled for 90 minutes to allow for adequate time for intake and discussion of current health. The 80-minute Reiki Session allows Pam to more fully assess and more deeply clear energy blockages than the shorter 50-minute session.
